

Mini Nature Pack

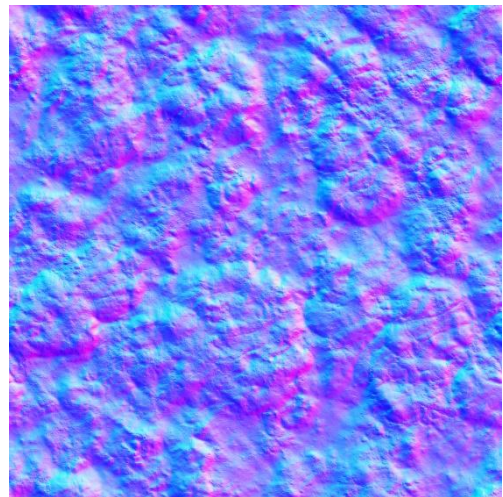

Mini Nature Pack is an environmental vegetation package. It includes 11 textures for trees, 7 ground textures created by Fumes Development with literally taking pictures of leaves and branches outside and tweaking them in PS to fit nicely in Unity software.

MNP includes following :

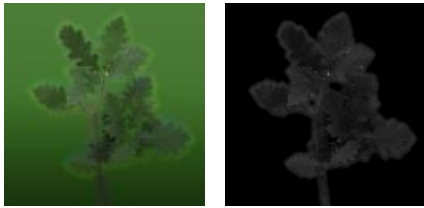

- 11 materials for trees, bushes and bark texture

- 7 custom ground textures (grass, cliff, rock) w/ normal maps

- 11 textures for trees (bark,leaves) /w Alpha channel, Normal, Shadow textures

- Package includes two demo scenes, one with all models in order and one with terrain example
- two grass textures for terrain add-on
- one terrain from [Better Landscape Pack](#) package as a bonus

Usage:

It is simple just drag and drop models into your scene *Mini Nature Pack -> Models*

Versions:

- v.1.1 Minor material changes
- v.1.2 Tweaks for models for newer versions of Unity & Optimization and added scenes
